DRAWER FRONT DESIGN

If a slab door style is chosen,
please list grain direction on form

SLAB

All slab drawer fronts

matches door outside edge

5-PIECE slab will be used on smaller

these have to be slab due to small size

This is our standard layout when using drawer fronts that match the doors.

all profiles match door

5-PIECE

downsized frame to make a bigger panel

This style may not always work. It depends on the door design. It is easier to do on flat panel doors than on raised panel doors.

all profiles match door
